

Directions to the Matthew A. Gfeller Sport-Related Traumatic Brain Injury Research Center at UNC

From the East (Raleigh, Cary, Apex, Wilmington, etc)

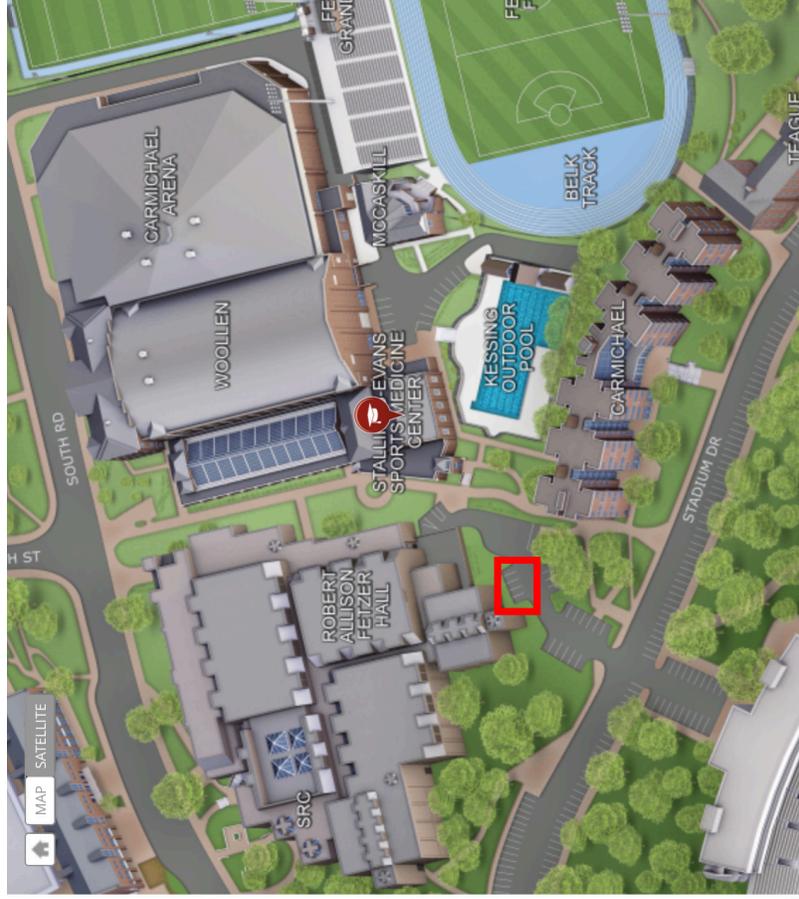

1. Take I-40W to exit 273A (Direction: Chapel Hill)
2. You'll be on Hwy 54. Continue along Hwy 54 for a few miles. Landmarks on the *left* you will pass along the way: Hardee's, Courtyard Marriott, a large condominium development followed by a small strip mall (hidden behind a brick wall and the Exxon gas station).
3. Just after this strip mall, you'll see exits for Hwys 54, 15/501. Do NOT take these, and please continue along the road you have been driving on (you'll drive under the overpass and proceed up a fairly steep hill into our campus. Note: Careful with speed on the hill...UNC Police presence is usually heavy).
4. You'll enter our campus coming from the right side of the figure on the next page. You'll see a cemetery on the right, our intramural turf fields (Hooker Fields) on the left, and after the first intersection, you'll see our student union (Graham Student Union) on the right where you'll see a bus lane in front of the building.
5. Continue past the Graham Student Union and turn LEFT onto Stadium Drive.
6. Drive down Stadium, and take a left down the first street. The new Stallings-Evans Sports Medicine Center is squared in on the map.
7. Parking spots will be located on the lefthand side of the road, in visitor spots identified as "**Exercise and Sport Science Visitor**" (enclosed by red box on the map)

From the West (Burlington, Greensboro, Winston-Salem, etc)

1. Take I-40E to exit 266 (Direction: Chapel Hill). Turn RIGHT at the lights located at the top of the exit. This will be Martin Luther King Blvd.
2. Continue along MLK Blvd for a few miles. You will eventually cross over Rosemary (there is an RBC Centura branch on the left before the light and a public parking lot on the left after the light). Shortly after, you will cross over Franklin Street (Spanky's and Top of the Hill are on the left, University Baptist Church is on the right), and continue along N Columbia St (MLK changes names once you cross over Rosemary) until you hit a dead end. You should be facing the Carolina Inn with the option to only turn left or right.
3. Turn RIGHT onto Cameron St and a quick LEFT onto Pittsboro (immediately after the Carolina Inn).
4. At the first set of lights, turn LEFT onto McAuley (again, immediately after the Carolina Inn. You'll also see the FedEx Global Education Center on the left ahead of the turn).
5. Cross over the next set of lights (through Columbia) but be wary of the sudden sharp right turn to stay to the right of the median. You'll be entering our campus from the left side of the map. McAuley changes name to South Road once you cross over Columbia.
6. Turn RIGHT onto Stadium Drive. Drive down Stadium, and take a left down the first street. The new Stallings-Evans Sports Medicine Center is squared in on the map.
7. Parking spots will be located on the lefthand side of the road, in visitor spots identified as "**Exercise and Sport Science Visitor**" (enclosed by red box on the map).

Stallings-Evans Sports Medicine Center

91 Stadium Drive
Chapel Hill, NC 27514
